

## First Bristol News January 2016

The first Virtual Electric Enviro 39191 was shown to the public recently. Its built to London spec so seats 64 (39up 25down) its dual doored so the wheelchair ramp is on the middle door so i guess this will be the only time when the middle door is in use. There are 2 charging plates to recharge the batteries 1 at UWE the other at Hengrove Depot a 7 minute charge during layover should give enough power for 20 minutes of driving on battery power. The bus uses GPS to switch the engine off when it enters certain parts of the city to reduce emissions so its Electric around town and on Gloucester Road its due to enter service latter next month.

### Repaints

62198 converted to a trainer has now been repainted all over red. 66104 is in receiving attention and 66206 is in the paint shop it looks like these are also for the training fleet.

Some of the Orange fronted buses are now receiving route branding Enviro,s for the 1 and Gemini,s for 2.

Route 1 branded 33965.

### First Bristol News February 2016

Correction from last month only 3 B7s have arrived from Bradford 30857/67/70 are in Bath 30866 is still with Bradford.

Still outstanding from last years vehicle order is the 2nd Electric Enviro 39192 which is still at ADL having some modifications done once it arrives 39191 will then go back for the same mods so its looking like late March before these enter service. The 3 similar vehicles in London have hardly been used in service either.

The new look for the Training Fleet  
 62198 is the first B10BLE converted.

It looks like the following are going to be the new training fleet.

62198	X693ADK	x	Vo	B10BLE-58	Wt	B43F

## First Bristol News December 2016

Mention last month of Muller Road depot reopening isnt true its all to do with the companies Ops licence being changed from First Bristol to First Somerset & Avon it will then be changed to First West of England. Several vehicles have recently had their legal lettering altered to First Somerset and the new Enviro,s are also carrying this instead of First Bristol.

More Enviro,s have arrived.
